----	--------------------	---	---	--------------

During the day and early evening hours on the 19th, a winter storm with heavy snow affected Central Illinois with 4 to 6 inches of snow across a large area. There were some local 6 to 8 inch amounts of snow, mainly along and north of a Galesburg (Knox County) to Bloomington (McLean County) to Danville (Vermilion County) line. A cooperative observer in Minonk (Woodford County) reported 7.5 inches of snow. Blowing and drifting of snow was reported as well. The storm caused numerous road closures as well as accidents. Two injuries were reported with a couple of the accidents (one in Peoria County and one in Vermilion County).
